3 A charge applies each time the operator interrupts a conversation that is in progress on the called line. The charge is for the interruption service and does not depend on whether the called party agrees to release the line and accept the call. If an operator both verifies the condition of the line and interrupts conversation on the same request, the interrupt charge only applies. The charges for Verification / Interruption service are in addition to any applicable message rates.

4 Call Completion is a request to have AT&T dial the requested DA listing for a charge of .30. AT&T's recording states that if you wish for us to connect the call, press 1.
