

how to manage emergency location information for phone extensions in commportal

Managing emergency location information FOR PHONE EXTENSIONS IN COMMPORTAL

Please follow the steps below to review and update 911 emergency information for all of your business's telephone system equipment that is associated with a phone extension.

GROUP ADMINISTRATORS can manage this information in CommPortal for all phone extensions by following the Instructions for Group Admin Users.

INDIVIDUAL USERS of the telephone system can also manage the information for their individual phone extension by following the Instructions for Individual Users.

Please log in below.	
Email / Number: 2251234567 Password:	
Login If you have forgotten your password, please contact customer support.	
	CommPortal Web Please log in below Email / Number 2251234567 Password:

STEP 1

Log into the Group Admin CommPortal at https://webcare.letsrev.net/bg.

Email/Number Enter the 10-digit phone number {no spaces or dashes}.

Password Enter your CommPortal Password.

∩ote

Group Administrators can only log into CommPortal with the 10-digit phone number that was assigned during the system installation. If you cannot remember the 10-digit number and/ or Password set up during the telephone system installation, please call 1-866-625-4100 for assistance.

STEP 2

Click on the **USERS** tab on the leftside menu or the round icon in the center.

From the top drop-down menu, select the Users you would like to manage. To see a list of all Users, select **VIEW ALL** from the drop-down menu {recommended}.

*∩ote

You can only enter an email address to log into CommPortal if you've already set up an account email address. Until then, you must enter your 10-digit phone number to log into CommPortal. Refer to "How to Configure a User's Account Email Address" at the end of this document to set up an account email address. Doing this is recommended because it will also allow you to reset your password in the future, if needed.

STEP 2

Select SET EMERGENCY LOCATION in the lower left corner.

Edit or fill in the correct address information for the phone number/ extension, and then click on **UPDATE ADDRESS**.

tips

ADDRESS LINE 1 Enter up to 32 characters (including spaces).

ADDRESS LINE 2

Enter up to 20 characters (including spaces). If possible, it is advisable to enter the dispatchable location (e.g., floor, room number, suite number) in the Address line 2 field. Use the abbreviation recommendations shown below, as applicable.

how to configure a user's account email address

Individual users may log into CommPortal using their 10-digit phone number or email address.

If an email address is preferred, there are steps to follow to set it up in CommPortal first. Another advantage of setting up an email address is that an account email address is required for a user to be able to reset their password, if ever needed.

Follow the instructions below to set up your account email address.

Welcome	to REV CommPortal
(E)	formerty RTC···· EATEL VVISION
CommPortal	Web
Please log in be	low.
Email / Number:	:2251234567
Password:	
	Reset Password
C Remember m	e on this computer.
	Login

STEP 1

Log into CommPortal by entering your 10-digit phone number {no spaces or dashes} and password, then click on Login.

STEP 2

Scroll to the bottom of the CommPortal page and select **CONFIGURE ACCOUNT EMAIL**.

Your Services			
	1		
	Call Settings Messag Settings		
Personal Details	Security	Support	
Heather Hewitt	Change Password	Help	
Eatel	Change Call Services PIN	Send Feedback	
Admin	<u>Configure Account Email</u> ?		
Devices	Change Voicemail PIN		
Set Emergency Location			

Fill in your Email Address and click on the optional check box if you also want to be able to enter your email address as your CommPortal login {as an alternative to your 10-digit phone number}.

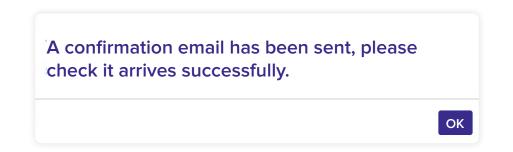

Then click the **CONFIRM** button.

	be used to reset the password or to log in is instead of your phone number.
Email Address:	example@example.com
Current password:	
Allow email login:	→ □

STEP 4

Wait for the confirmation message and click **OK**.

If you selected the optional check box in STEP 3, you can now enter your 10-digit phone number OR email address in the Email/Number field each time you log into CommPortal.
