

mobile app

1 DOWNLOAD THE APP

The Alarm.com app for phone and tablet is available for free download on [Google Play Store](#) and [Apple App Store](#).

You can also control and monitor your system using your Apple Watch, Apple TV, Amazon Fire TV, Amazon Echo and Google Home.

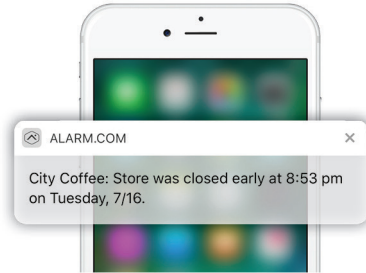

2 NAVIGATE THE HOME DASHBOARD

View and control your system from the palm of your hand with the easy-to-navigate Dashboard. Arm and disarm your security system, monitor video, review daily highlights, adjust lights, locks, thermostats and garage doors. These services are only available on certain packages. Please contact REV for more information.

3 ENABLE NOTIFICATIONS

Click Notifications to enable Push Notifications. You can also add or manage your push, text and email notifications on-the-go.

An Open/Close Event Notification will let you know if your business was not opened or closed on time.

4 VIEW REPORTS

in the left menu, select Reports to view your most recent reports like open/close events and sensor activity.

You can also set report frequency and email options.

TIP: TWO-FACTOR AUTHENTICATION

Add an extra layer of security to protect access to your system. Whenever you sign into your system from a new or untrusted device, you'll have to enter both your password and a code sent to your mobile phone.

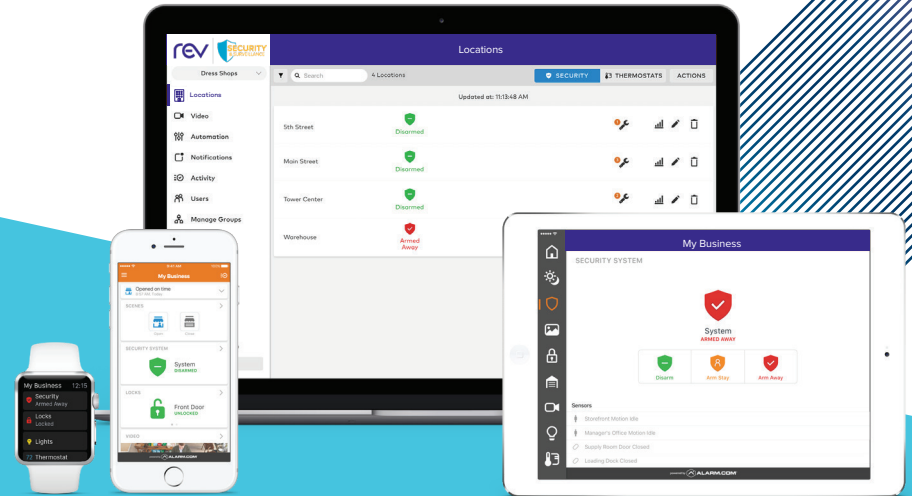

[Online Account](#) > [Settings](#) > [Login Information](#) > [Two-Factor Authentication](#)

Getting started

Getting Started with Your online account

1 LOG IN AT letsrev.biz/sec-login

Log in using the username/password provided by your installer to manage and view your system from the Homepage.

2 SET UP BUSINESS HOURS

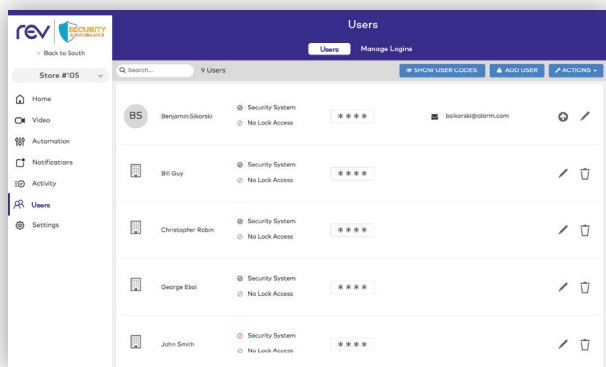

Click on Settings to set the hours for your business.

3 SET UP USER CODES

Set up user codes for your staff, service providers or anyone who has access to arm/disarm your panel.

[Users > Add New User](#)

You can also edit user settings to assign user-specific access, permanent or temporary, to select access points (security system, locks, etc.) for a specific date and time range.

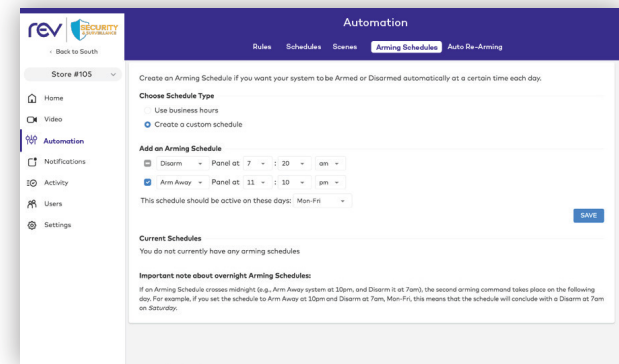

4 CONFIGURE NOTIFICATIONS, RULES AND SCHEDULES

Receive real-time alerts (text, email or push) due to a system occurrence, such as the system reporting an alarm, if someone forgets to arm the system, or if a door is left open.

[Notifications > + New Notification](#)

You can also create rules and schedules to automate your business. Set up Arming Schedules to ensure that your property is always protected after hours.

[Automation > + Arming Schedules](#)

5 SET UP REPORTS

Get reports on activity within your business. See open and close times, identify peak traffic periods, and be aware of any alarms or issues. Set report frequency and email delivery.

[Activity > Reports > New Report](#)
